PROJECTS

Capistrano Distillery Website | HTML, CSS, JS

- Worked in a team of 8 to design a full-stack website for Capistrano Distillery, located in the Philippines. Made sure to include all core pages the site should have and features such as a location pin-pointer and appointment booking system.
- Inquired on, noted, discussed, and applied client feedback to improve the overall responsiveness, accessibility, and appearance of the site.

Portfolio Site | HTML, Tailwind CSS, JS

- Developed a portfolio site using Tailwind CSS that showcases relevant candidate information.
- Implemented responsiveness, ensuring smooth display across all devices via Tailwind's mobile-first breakpoint system.
- Created fun, interactive UI elements with Javascript (e.g rotating, controllable CD player, hover effects on various text and icons) to enhance visual aesthetics and user engagement.
- Wireframed and prototyped site layout in Figma before starting to establish clear image of visual hierarchy.
